Lexington Man Is Named Dawson's First Assistant

Frankfort, Ky., April 8—Martin T. Kelly, Lexington lawyer, succeeded W. T. Fowler Friday as first assistant attorney general. Charles I. Dawson, Attorney General, who is in Washington, wired Mr. Kelly that he was appointed and Mr. Kelly came to Frankfort this morning, was sworn in and immediately assumed his duties. This is the first public office Mr. Kelly ever has held.

The War Department which has investigated the charges preferred by Senator Stanley against Col. Charles Morrow, found no grounds to believe that he had been active in Kentucky politics.

DEBATING TEAM PLANS FOR NEXT BATTLE

Monday the Madison Hi debating team began its affirmative arguments on the immigration question to meet the Ashland City Hi at Ashland, if present arrangements are carried out. This successful team returned Saturday night from its great victory over the Somerset team which is considered one of the strongest in the state.

Opening the discussion in a clean-cut, manly fashion, Harold Gabby eloquently produced a long list of facts and arguments the opposing team could not answer. Then came Pauline Ward with her clear voice and impressive manner, offering a new plan of attack which took the affirmative completely by surprise. She warmed up so much in her rebuttal that it was necessary for the chairman to ask her to stop. Lafon Wilson, with considerable "pep" and with sledge hammer blows, closed the debate for Madison Hi. The decision was a unanimous one.

Although too much praise and honor can not be given to this victorious team, yet much of this fine success is due to the hard work, untiring efforts and excellent coaching of Supt. J. H. Payne.

SECOND WEEK OF BIG STRIKE STARTS

(By Associated Press)

Indianapolis, Apr. 10—The second week of the nationwide coal strike got under way today with the unions' organization still presenting an unbroken front, according to John L. Lewis, president of the United Mine Workers, who also said the situation in the non-union fields is becoming more favorable to the union's cause. "As I view the situation," Lewis said, "the program laid down by the organization is functioning 100 per cent."

SWIFT PRODUCE REVIEW

More favorable weather and better road conditions are bringing more eggs to market although receipts are still below what is known as flush production.

Costs of eggs in producing sections have been higher, proportionately, than selling values in consuming centers, indicating that consumers have definite ideas of values at which they are willing to use eggs freely.

There is a decrease in the marketing of live poultry, with an easy tendency in the market for dressed poultry.

Production of butter is showing an increase, with definitely lower values during the past few days.

A Silly Song

My wife bought a vacuum cleaner from an agent who came to our shack, the dodgiest thing got it's breath through a string and sucked up the dirt in a sack. The next morning after she bought it she made me stay home from the store and in ten minutes time, I had sucked all the grime from the carpets that lay on the floor. I had rather begun to enjoy it and I shoved the thing under the bed. The tom-cat was there and it stripped him as bare as the top of Bill Karbunkle's head. I jerked the thing loose from the tom-cat. For miles his howls could be heard; then I flung it in a rage and it hit the bird cage and promptly inhaled the bird. Now it hangs on a nail in the smoke-house and I keep a lock on the door, but the song of our bird no more shall be heard and the tom-cat is sunburnt and sore. My wife still insists that contraption is just what we need in our shack and that my head contains where I ought to have brains what the cleaner contains in the sack.—Copyrighted.

At Mons, France, the death penalty was given Arnaud Jeanes, a spy, who betrayed and was responsible for the death of Miss Cavill, the English nurse, by the Germans.

Common Sense About Eczema and Eruptions!

Here's Something About S. S. S. That You'll Be Glad to Hear.

You might just as well know it right now—the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. We prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't coming from the outside.

Let S. S. S. Give You An Angelic Skin! S. S. S. is a scientific blood purifier. It drives out the impurities which cause eczema, tetter, rash, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your skin turns naturally clear. Your eyes sparkle, your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, healthy, well-to-do, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S. S. S. is also a powerful body-builder, because it builds new and more blood cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Chase Lands Man With Alleged Forged Check

Beattyville, Ky., Apr. 8—Taylor Butler was caught after a chase which started at the Commercial Bank Friday noon, when during the absence of the cashier, he tried to cash an alleged forged check for \$40. The name on the check was R. B. Flanery, representative here of the Louisville Point Lumber Company. The check was drawn in favor of a Robert Bowman.

Vallandigham Is Winchester Manager

Winchester, Ky., Apr. 8—At a meeting of the Winchester Baseball Club of the Blue Grass League, at the Brown-Proctor Hotel, J. S. Baskett, of Cynthia, was selected as business manager; Charles Vallandigham playing manager; J. A. McCourt secretary and treasurer, and Bob Ogden scorer. Season opens here Sunday, April 23 with Maysville.

Dr. Horace J. Bell, dentist, of Louisville, was bound, gagged and robbed by his office by daylight bandits.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. ad

RADIO PHONE IS NO LONGER FAD

From a Toy Wireless Telephone Has Now Become Household Convenience.

35 STATIONS GIVING SERVICE

Out of the Air Come Daily News Bulletins, Lectures, Sermons, Vocal and Instrumental Concerts and Other Features.

New York.—Have you got your "ear to the air"? Thousands have. Enthusiasm over the wireless telephone is spreading tremendously. From a fad and a toy the radio receiving set has become a household convenience.

Out of the air come daily news bulletins, lectures, sermons, vocal and instrumental concerts, operas, market reports, government time signals, shipping tips, agricultural reports, church services and children's bedtime stories.

Radio broadcasting service is available in all parts of the United States. Probably not less than 250,000 receiving sets are in operation, the daily audience that listens in numbering more than 1,000,000 people.

There are 14,000 amateur transmitting stations operated by enthusiastic experimenters and capable of short-distance broadcasting. Numerous government stations broadcast official business, but also can be used in distributing speeches or messages to the country at large.

35 Stations Active.

Broadcasting stations giving public service now are operated in 35 cities. Here is the list:

Newark, N. J.—Westinghouse Electric and Manufacturing company station; hourly service from 11 a. m. to 10 p. m.

New York—Western Electric company station (experimental); occasional service.

Roselle Park, N. J.—Radio Corporation station; daily service.

Deal Beach, N. J.—Western Electric company station (experimental); occasional service.

Springfield, Mass.—Westinghouse station; hourly service.

Hartford, Conn.—C. D. Tuska company station; concerts Tuesday, Thursday and Saturday evenings.

Medford, Mass.—American Radio and Research corporation; news service.

Schenectady, N. Y.—Union college station; occasional programs of music.

Washington, D. C.—Government station, broadcasting correct time at noon and 10 p. m. daily. White and Boyer station, concerts and radio lectures Tuesday and Friday evenings.

Atlanta, Ga.—Carter Electric company station; news and music program Sunday, Tuesday and Thursday evenings.

Pittsburgh, Pa.—Westinghouse station; complete daily program.

Cincinnati, O.—Precision Equipment company station; music and vaudeville programs and sport reports Monday, Wednesday and Saturday evenings.

Give Grand Opera.

Chicago, Ill.—Westinghouse station; complete daily program; concerts Friday evening; grand opera program every evening except Friday during opera season.

Madison, Wis.—University of Wisconsin station; weather reports daily, except Sunday, at 12:35 p. m.; music program Friday evenings.

Kansas City, Mo.—Western Radio company station; market reports and weather forecasts daily; concerts every evening.

Lincoln, Neb.—University of Nebraska station; concerts every evening.

Denver, Col.—Reynolds Radio company; news twice daily; concerts every evening.

Dallas, Tex.—Police and Fire department station; news, weather forecast and concerts every evening.

Austin, Tex.—University of Texas station; local news and athletic reports daily.

San Francisco, Cal.—Commercial and hotel stations broadcasting concerts every evening. California theater broadcasting performances nightly.

Los Angeles, Cal.—Hamberger's department store; daily service.

San Jose, Cal.—Harold laboratories station; daily service.

Other cities having broadcasting stations include: Cleveland, Philadelphia, Columbus, O., Buffalo, Detroit, Mpls., Akron, O., Hamilton, O., Seattle, Wash., Houston, Tex., Davenport, Ia., Iowa City, Ia., Rome, Ga., Paris, Tex.

This does not include government stations, except the Arlington naval station. In addition the government has 250 land radio stations.

Probably the biggest public service broadcasting station in the country is being built by the American Telegraph and Telephone company in New York. After it is placed in operation others will be built in various centers over the country.

Born in the House.

Toledo, O.—Frank Corson, grocer at Sylvania and Detroit avenues, was approached recently by a dealer in real estate, who offered an attractive little home out Lagrange street way. "It is a well made house and although not strictly modern, is in first class condition," said the land wizard. When Corson arrived at the house he fully agreed with the agent as he was born in the house and his father, Marshall Corson, built it in 1894.

There were 22 billion telephone messages sent in 1921.

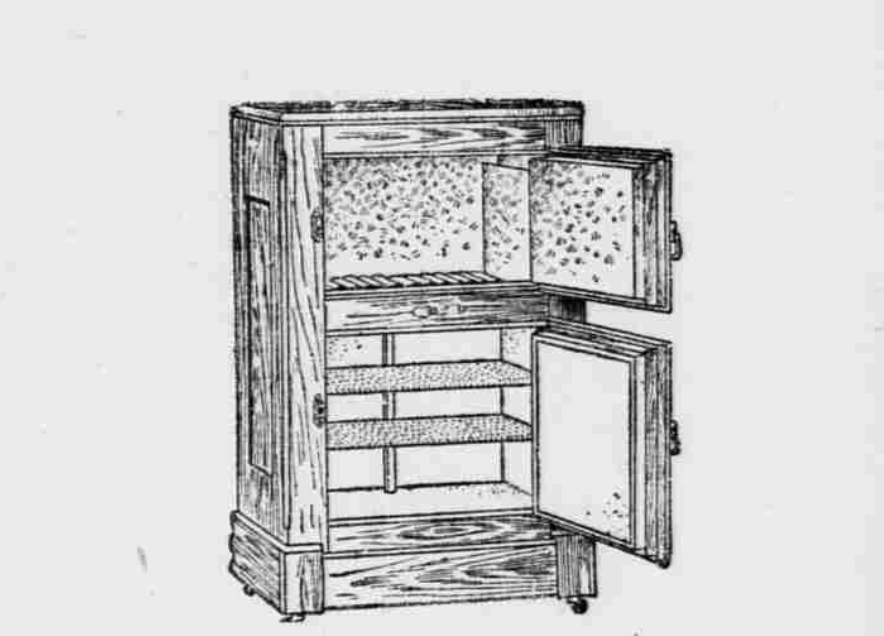

Put A Bottle In YOUR REFRIGERATOR

And See What Happens

A Bottle of Milk, Grape Juice, Mineral Water—anything will do. Leave it in a few hours and see if it is wet and grimy to the touch when you take it out.

Do you know that that grime comes from impurities in the air and ice—and that that dampness catches the smudge and plasters it all over bottles, food, etc.—and in Butter, the Meat, and in the Milk and Cream, if not tightly covered?

The BOHN-SYPHON Refrigerator

Keeps up a rapid circulation of pure, cold dry air, and holds the temperature to 42 degrees, only 10 degrees above the freezing point, no matter what the weather conditions may be.

Besides the outer case, and inner linings, the walls of the Bohn have ten heat-resisting layers, including two of "Flax Linum"—The exclusive Bohn insulating material. That is why the railroads and car builders almost without exception have installed the Bohn-Syphon in their refrigerator and dining cars.

Come in today and see the Bohn-Syphon—Bohn Sanitor and Bohn Icyco Models
